dents' salaries and require them to give more time to the schools?

Besides this, what can an Inspector do with the schools of 20 counties. What sort of inspection can he give?

Too, we learn that it will be the Inspector's business in the future to conduct the examinations. Can any man do justice that there are some 10 or 12 branches now taught in the public schools. With 10 questions in each study and anywhere from 25 to 100 applicants in each county, how can any man do justice to the examination. It is absurd.
